

### ● What is the FEBS Young Scientists' Forum (YSF)?

The YSF is a conference for about 100 selected PhD students and postdocs, who get to present their own research, hear keynote lecturers, take part in career skills sessions, and enjoy a social program. YSF participants also attend the FEBS Congress. Participation in both events is supported by a YSF grant from FEBS that covers registration, accommodation, and most travel expenses.

### ○ The 23rd FEBS YSF and the 48th FEBS Congress

The 23rd FEBS YSF will be held from 26 to 29 June 2024 in Pavia just ahead of and in conjunction with the 48th FEBS Congress (29 June–3 July 2024) in Milano, Italy.

### ● When is the deadline to apply?

The YSF application deadline is **7 December 2023**. Details on how to apply, including eligibility criteria, can be found on the YSF Applications section of the FEBS Congress 2024 website at [2024.febscongress.org/ysf-applications](https://2024.febscongress.org/ysf-applications).
